*With the recent increase in novel Coronavirus (COVID-19) and in an abundance of caution, National President Nancy DiFiore Quinn is recommending that all state events and meetings, including local lodge installations, either be postponed or restricted to a small gathering. Attendees who are sick, or medically compromised, are strongly encouraged to not attend any of these events. This restriction is in accordance with the Centers for Disease Control and Prevention (CDC) guidelines regarding large gatherings.*

*As always, the safety and well-being of our Brothers and Sisters around the country are most important at this time. Decisions like these are difficult, but necessary to ensure we all do our part to combat the spread of COVID-19.*

*Also, please continue to pray for Italy and the terrible crisis that is going on there. Italy has tightened lockdown after the Coronavirus death toll has soared. Streets are empty ... residents are staying home ... and all of this is affecting the economy of our beloved Italy.*

*Many thanks for doing your part in keeping our OSDIA members and their communities safe.*

*Nancy DiFiore Quinn  
National President*
